Once we have that, our FOIA office and the solicitors office will determine what exemption it may fall under and process accordingly. We greatly appreciate your assistance with all this!

Pursuant to the new awareness requirement, please find attached ONRR documents and a draft response letter we would like to release.
Ms. Magallanes: I'm not sure if you want to see these as they don't directly impact the Secretary or his office, but we've received mixed verbal advice on how to send these and we have no written guidance so I apologize if you didn't want to see these.

Please let us know that you have reviewed so that we can proceed.

Good afternoon,

As Ryan noted, there is a new memo issued today on the Awareness Review process that was disseminated to the heads of Bureaus and Offices. In case it has not made its way to you yet, I do want to highlight one important change in the Awareness Review process: non-response after 72 hours will be construed as affirmation that you have concluded your review - if you have a reasonable need for additional time, it is requested that you make that notification within the 72-hour period.

The full memo is available online

at https://www.doi.gov/sites/doi.gov/files/uploads/awareness_process_memo_final.pdf

Thank you, as always, for your time on this.

All,

I have spoken with Plaintiff and that Plaintiff has agreed to exclude Cabinet Affairs reports from the scope of responsive documents. Please cease review of these reports - they will not be produced.

Justin and I are working to identify approximately 200 pages of responsive material that does not involve general newsletters or reports. We plan to produce this to Plaintiff by July 20th, so we will circulate it early next week. We are also working with Plaintiff to exclude other categories of documents from the scope of the search.

Justin - Please circulate this to any reviewers I may have missed.

Thanks for looking out for me, Kate. That was an old email address from when I was working for that company. It's not even my personal email address. Frankly surprised it was ever used at all for emails relating to DOI.

Thanks,

Hi everyone,

Rachel Spector of SOL has concurred with OS' proposed withholdings for a potential partial response for litigation concerning Mr. Cameron's external correspondence and calendar. Please find attached a copy of the request, draft partial response letter, as well as bracketed and redacted copies of the responsive materials. DOJ has requested we produce these documents by COB August 6, 2018.

Please do not hesitate to contact me with any questions or concerns.

All,

I have spoken with Plaintiff and that Plaintiff has agreed to exclude Cabinet Affairs reports from the scope of responsive documents. Please cease review of these reports - they will not be produced.

Justin and I are working to identify approximately 200 pages of responsive material that does not involve general newsletters or reports. We plan to produce this to Plaintiff by July 20th, so we will circulate it early next week. We are also working with Plaintiff to exclude other categories of documents from the scope of the search.

Justin - Please circulate this to any reviewers I may have missed.

Thanks,

Hello, everyone. Due to continuing weather-related issues, tomorrow's meeting is cancelled.

Please take a look at the attached Backlog Overview--we have a long way to go this fiscal year.

Also, if you have any sample communication formats that SOL prefers to receive when you are providing them packages to review for legal sufficiency that you would like to share with other Bureau FOIA professionals looking for examples (such as spreadsheets, narratives, or tables), please send them my way.

Thanks again and stay warm.

Hello, everyone. As we did not have our monthly meeting this month, due to weather issues, I am pushing the due date for this report back a bit to *April 17th*. As always, quarterly report deadlines are soft deadlines. If you need more time, please just let me know.

Also, I am happy to announce that Jessica Rogers is the new BIA FOIA Officer. Congratulations, Jessica!

Happy holidays, everyone.

I have attached to this email the promised, updated, template for quarterly reports. Please use it going forward. If you have any questions, please just let me know. The due date for the FY17 Q1 report is *January 31st*. As always, quarterly report deadlines are soft deadlines. If you need more time, please just let me know.

On another note, you will remember the data call from our last Bureau FOIA Officers meeting. Again, please provide your responses by *COB January 9th*. If you need another day or two, please let me know by the 9th. *No further extensions will be possible.*

Also, in the last week Daniel Largo has moved on to other responsibilities in the BIA and Debbie Kimball has retired. I know they take our best wishes with them.

I hope you and yours have a wonderful new year.

Hello, everyone. Here is our agenda for tomorrow's meeting and a few updates.

First, please submit your quarterly reports for the second quarter to me by May 4th (as always, this is a soft deadline--please just let me know if you need more time).

Second, our mid year audits will commence next week. Due to EFTS improvements, for the first time (as mentioned at the last meeting), you will run your own reports (and can do this at any time you like throughout the year). In lieu of one report with two tabs (as for past audits), there will be two reports. You will run them by going to the EFTS Reports drop down, clicking on Predefined Reports, entering the dates from 10/01/2017 to the day you run the report, and choosing first the "Open Requests Report" and then the "Completed and Closed Requests Report." We will discuss this more tomorrow, but if you have a chance to try this out today, we can discuss any questions that arise at tomorrow's meeting. Also, if you'd like to conduct your audit on a particular day (or be in the first or last wave), it is not too soon to let me know.

Thanks again.

Ryan,

Here is [a spreadsheet containing our comments](#) on the majority of the 84 files that you referenced in your email. For some of the documents, we have no comments, which means they

are fine to release as is. For others, we have suggested changes (either additions or deletions) to the proposed redactions. For those, we have provided our reasoning, suggested specific changes, and provided the applicable FOIA exemption. Finally, for a few of the files, we have indicated that we don't think they are responsive to the FOIA requests and should not be released.

Can OS FOIA update the files to reflect our comments and then, as soon as possible, initiate the 72-hour awareness review for the politicals? We'd like to have these ready to be released by the end of the week or, if that's not possible, by Monday morning.

Also, when you have a chance, can we get a count of the total number of pages in the documents listed in the attached spreadsheet?

Thanks, and let us know if you have any questions.

Ryan

Hi Ryan,
Here are approximately two PDFs ([00538ce](#) and [00538cj](#)) totaling approximately 1600 pages of records that need to be released by **May 8**. Josh and I have reviewed both PDFs and have deleted/added redactions as necessary. [This Google Sheet](#) summarizes our changes. (Note: each PDF has its own tab.) The redactions are already adjusted in the PDFs, but OS FOIA will need to make sure that all redactions are tagged with their appropriate exemption (e.g., (b)(5) or (b)(6)). Our explanations in the Google Sheet should make that straightforward. Let us know if you have any questions.

There's one document in 00538cj that may require some additional adjustment based on the outcome of a discussion we're having with General Law. We'll get back to you on that shortly. However, OS FOIA should be able to tag all of our other changes in the meantime.

Also, OS FOIA should initiate the necessary awareness review ASAP (no need to wait until you hear back from us on that one document). Although we didn't see anything that's overly problematic during our review, we did attempt to highlight those documents that may contain some sensitivities. When you send the PDFs to the politicals, please suggest that they pay particular attention to the page ranges that correspond to the rows highlighted in red in the

Google Sheet.

Finally, we're working with Jack PZ on categorizing the documents. Please don't release anything on the DOI website until we get you the necessary info on that front.

Thanks,
Ryan

I realized we have one that needs to be released by COB friday...it mainly involves records of Kate Macgregor and Dan Jorjani....We have sent out consults to BOEM, BLM and OSM. Only BOEM responded, but we redacted the others as consistently as we can.. Justin will be forwarding them to me shortly. How do you think these should be handled? Should I send as a 24-hour "awareness" review to Downey, Laura and you? Or should we send to Macgregor and Jorjani and wait for their approval to release..

Purpose:

This memorandum provides strategies to ensure the Department's FOIA program is managed and implemented consistently, reasonably, and effectively within available resources.

Background:

The Department is struggling to process all of its FOIA requests within the statutory time-frame. From FY 2016 to FY 2017, incoming FOIA requests increased from 6,428 FOIA requests to 8,005. For FY 2018, the Department has already received 4,614 FOIA to date. For the OS FOIA Office, for example, it has meant an average of 150 requests a month almost 50 percent monthly increase from FY 2017 and an almost 300 percent monthly increase from FY 2016. If this rate continues, each of the five FOIA processors in the OS FOIA Office will be assigned over 240 FOIA requests in FY 2018, nearly five times the FY 2017 Departmental average.

DEPARTMENT OF THE INTERIOR Mail - Fwd OS FOIA Awareness Review 18-00799.pdf

Please see below. We really need some written guidance about the "augmented awareness."
First, Downey Magallanes said she was not to be included on all reviews and then when we don't send one to her, she said she is to be included on all awareness reviews. It's very confusing and I feel that we shouldn't be responsible to read your or their minds about how to handle this since from the past, it's very clear that my office will be blamed for anything deemed to be a mistake.

Pursuant to the latest guidance I've received on the augmented awareness protocol, I am sending this email for 72 hour awareness notice. I am providing the attached 146 pages of records concerning Joel Clement emails. These records are involved in active litigation and will need to be produced by the close of business Monday, April 30, 2018. Please provide confirmation that you have received and reviewed these records. Any questions should be directed to SOL Attorney, Tony Irish.

Hi Rachel,

I typically draft litigation response letters to counsel rather than the requester. I looked at the original complaints and it seems that WEG uses the Western Environmental Law Center to conduct its litigation. I pulled the contact information from the attorneys on record in the original complaints. If you'd prefer, I can re-address them to the requester and cc their counsel on the transmittal email once the productions are cleared for final release. Do you think the packages, including the documents you reviewed last week, are ready to moved to the awareness phase?

Thanks,

I've also attached draft letters for the partial releases. I wasn't sure if the AUSA contact information is correct, but they seem to match what's available publicly. 1:18-cv-00656 and 1:18-cv-00797 are ready for release with Downey Magallenes authorizing the release of the political personnel resumes and Susan Combs having reviewed her calendar and external emails. Although Ms. Combs mentioned PII, I checked the records again and the only non-business addresses that are suggested to be released all are publicly connected to their owners.

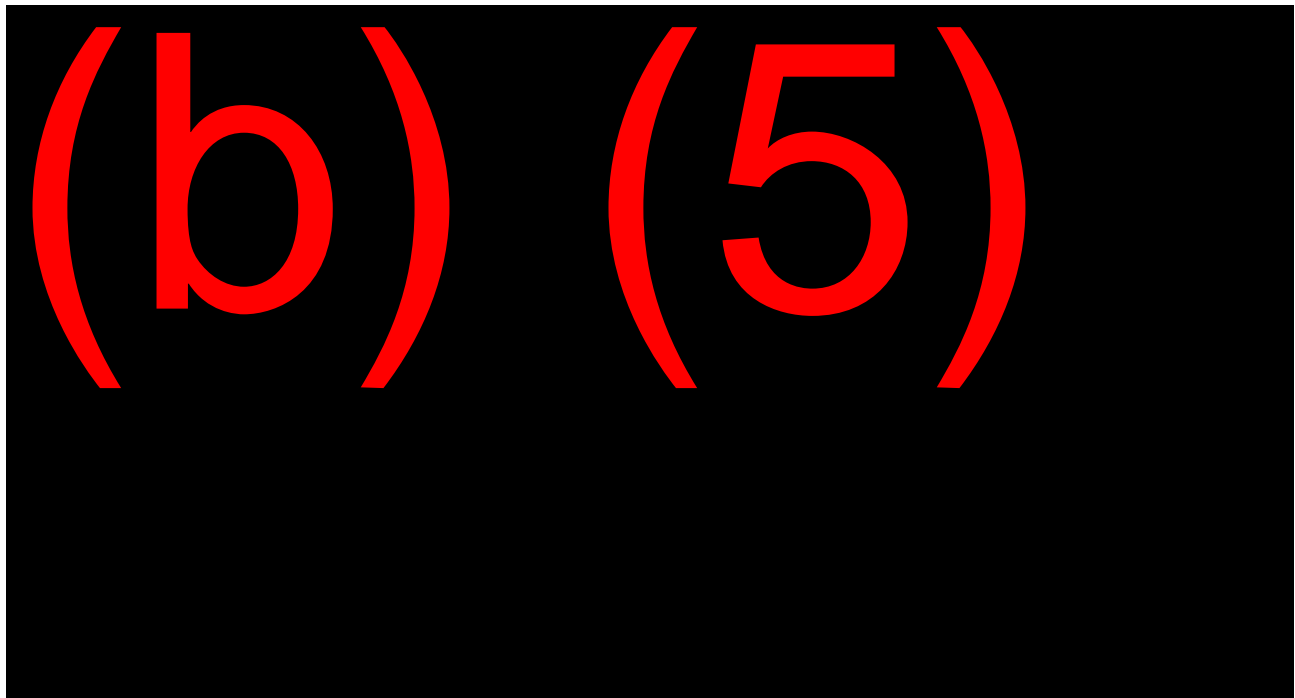

Thanks,

Hi Rachel,

Sorry for the delay, wanted to have something more substantive to provide for your review. I think it'll be easier to couch my suggested courses of action by case number.

1:18-cv-00232: I don't currently have any readily available materials for a production at the moment, but I believe OS has uploaded additional communications with the Secretary in its FOIA library, which should be partially responsive. I'll confirm with Ryan McQuighan in the morning.

1:18-cv-00405: I've attached a partial that touches upon all of the underlying requests in the suit. In the interests of expediency, I culled the materials down to approximately 165 pages of primarily draft materials.

1:18-cv-00387: I've attached a partial of 157 pages that partial responds to the first request mentioned in the suit, which seeks materials from the communications office. We have not yet received materials for the second part of the request.

1:18-cv-00534: I've attached my suggested withholdings for 347 pages of Downey Magallenes and Michael Argo's calendars for use in American Oversight's case. One thing to note is

(b) (5)

3:18-cv-00797: The materials have already undergone an awareness review and received approval from the custodian with a remark about PII. I'll double check, but I believe we captured all PII appropriately under b6 and the package of Combs' external communications and schedule should be releasable before the end of the month.

1:18-cv-00656: The partial response for the portions of the request concerning resumes and the names of political appointees have already gone through the awareness process. All that is necessary to complete drafting of a response letter and it should be able to go out before the end of the month.

I believe we should be on track to produce this week or worst case on Monday.

Thanks for your patience!

Juli and Rob,

Please see below. I am unclear how to respond to these questions.

Juli, about 9 months ago, you had directed me to get your approval about records obtained from Exec Sec Exec Sec (other than DTS) before they went to SOL [REDACTED]

(b) (5)

I thought after the awareness process was initiated and finalized that the initial order to review the Exec Sec records was obsolete.

Rob, you advised me yesterday that it is still required, but didn't specify how it's to be done and how we should account for the time, particularly matters in litigation or that don't require SOL review since they are total grants.

Please advise.

Clarice,

This is just to confirm that per new instructions you've been given, we are to give any Exec Sec documents to Julie before they are sent to SOL and then include her in the rest of the awareness review? Have we been given a review timeline, such as the 72hrs that is current for most everyone else other than Downey?

Hi Clarice. Now that we have Cindy's May 24 Memorandum in place, that is the process your office should follow. Julie's earlier request to review OES records prior to going to SOL proceeded the Memorandum and is no longer necessary.

Thanks, Rob

See below. What I was told was that anything that involved the "big 4" (Zinke, Hommel, Renner, Boulton) needed to be sent to Downey and affirmative response was required before release.

Right now I only have one outstanding that I know I need her affirmative for...i sent it last friday, due this wednesday, sent a follow up...still nothing.

OS 2017 00945

As a general note, we really need clarity on which types of records for the top four we need affirmative from her on, and which can go with just silence. I have thus far had to have Rob pester her on almost every one that has needed affirmative.

Just FYI, this (quoted below) is what I sent Rob by way of question and suggestion for classification:

We need clarification on when we need affirmative response from Downey and when the simple silence equals consent applies. As of now, she essentially is sent every single awareness review (either because it mentions the Secretary/COS or because she gets CC'd on all as part of the Comms awareness). The issue is, do we need consent from her if the records mention Zinke but are not his records. I.e. newsletter mentioning Zinke, or a DTS thing mentioning him that is not his actual record.

My instinct wants to see it this way:

Affirmative needed: when the actual custodian is Zinke/Caroline, or Zinke/Caroline is one of the people listed in the To/From/CC. This would mean any emails from Caroline or Zinke need approval, as do any emails where one of them are included in the To/From/CC

Affirmative not needed : when there is a mere mention of Zinke, or he is being discussed in the third person but is not actually either the custodian of the records or included in the To/From/CC. This would mean for example that emails between Heather Swift and Bernhardt, where they mention "Z will be here at noon" do not need Downey's affirmative, nor do DTS results mentioning Zinke, or newsletters mentioning Zinke.

Hi Julie,

I recently learned that OS FOIA's new processes require you to clear all national monument (maybe others, too?) FOIA releases before they can be posted to the DOI FOIA website. I therefore wanted to give you a heads up that we are preparing a release that needs to be posted today. The release is required by court order, and it involves the re-release of documents that OS FOIA posted to the DOI website in May, June, and July. Because the court took issue with the manner in which we previously categorized the documents, it required DOI to re-post the same documents pursuant to a different categorization by August 1. Stated differently, we are "releasing" documents that are currently on the DOI FOIA website; we are just organizing them differently for certain FOIA requesters pursuant to a couple of recent court orders.

Given that this release is comprised solely of previously produced documents that already went through an awareness review, we deemed another awareness review unnecessary. In addition, the documents we provided to OS FOIA have already been fully redacted, so the only thing left to do is post them on the website.

Please let me know if you have any questions. Happy to discuss.

Thanks,
Ryan

Hi everyone,

The document sets have been uploaded, however I had to bifurcate a few due to file size. The links are live on the OS website at <https://www.doi.gov/foia/os/conservation-lands-foundation> for CLF and <https://www.doi.gov/foia/os/earth-justicesierra-club> for Earth Justice/Sierra Club.

Thanks,

Nick

Hi Julie,

I recently learned that OS FOIA's new processes require you to clear all national monument (maybe others, too?) FOIA releases before they can be posted to the DOI FOIA website. I therefore wanted to give you a heads up that we are preparing a release that needs to be posted today. The release is required by court order, and it involves the re-release of documents that OS FOIA posted to the DOI website in May, June, and July. Because the court took issue with the manner in which we previously categorized the documents, it required DOI to re-post the same documents pursuant to a different categorization by August 1. Stated differently, we are "releasing" documents that are currently on the DOI FOIA website; we are just organizing them differently for certain FOIA requesters pursuant to a couple of recent court orders.

Given that this release is comprised solely of previously produced documents that already went through an awareness review, we deemed another awareness review unnecessary. In addition, the documents we provided to OS FOIA have already been fully redacted, so the only thing left to do is post them on the website.

Please let me know if you have any questions. Happy to discuss.

Thanks,
Ryan

Hi Cindy

I made the updates to the more detailed process flows... page 3 and on. I still have not made updates to the first couple of pages (the higher level processes)... I will make them, but they feed from what changes are made to page 3 and on. I will send updates as I make more changes though.

Hi Laura,

I'm reaching out because I'm working with Gabe Lohr down in SOL regarding a FOIA that is currently in litigation. The reference FOIA is OS-2017-00384. We have a 10/31/17 deadline for our first partial response, so it would be a huge help if you could have this back by Monday October 30.

In processing documents for potential responsiveness, we came across an email chain that we are preparing for a partial release to the requester. There is one section we are asking for your feedback on.

I have attached the responsive email in question to this email and highlighted the section we need you to look at. If you can take a look and let us know if:

A) there is an articulable foreseeable harm in releasing the highlighted section, and if so, clearly explain what it is; OR

B) there is not an articulable foreseeable harm and we can release it.

If you have any questions, feel free to call or email me!

Thanks,
Leah

Good afternoon,
Just checking in to see if you had a harm statement? I'm on here until 5 today, and was hoping to get it to Gabe by time I signed off for him to review. We may need to follow up with you get more details and/or revise the harm analysis so we have a defensible position.

Thanks!

Hi Laura,

Thanks for taking a minute to talk with me. I've CC'd Gabe here to keep him in the loop. As we discussed on the phone, we just need a statement from you as to what harm you think would occur if the piece in question was to be released. Once we have that, our FOIA office and the solicitors office will determine what exemption it may fall under and process accordingly. We greatly appreciate your assistance with all this!

Secretarial Travel OAS-110s

Hi everyone,

Please find for your awareness review the proposed files for posting on the OS FOIA website tomorrow, December 7, 2017. I have included both redacted and bracketed versions of the OAS-110s broken down by Secretary.

The materials are derived from ones provided by DMU and constitute all travel materials produced to Congress in October. The files, except for pages 7-12 in Secretary Zinke's packet, have been reviewed and approved by Jennifer Heindl in SOL. Due to the lack of sensitivities on the additional pages provided, OS recommends their release in full.

Thanks,

Nick

Hi everyone,
OS is intending on releasing 222 pages in connection with active litigation concerning the establishment of several national monuments prior to January 20, 2017. The production is intended to be released in full and mainly consists of aggregated open source news releases. Gabriel Lohr of SOL has concurred in the production's release. Josh Hanson and Ryan Sklar have reviewed and provided no objections to the content. I've attached copies of the underlying request, materials slated for release, and a draft cover letter. We're hoping to make the production no later than COB April 2, 2018. Please do not hesitate to contact me with any concerns.

Thanks,

Nick

Good afternoon,

I am providing the attached 1,592 pages of records to you for an awareness review concerning Matthew Allen of BLM. These records are involved in active litigation and will need to be produced by the close of

business Friday, March 30, 2018. We asked BLM FOIA to review these and received their approval, but I'm not sure who in BLM Management reviewed. The attorney that cleared this production was Tony Irish in the Division of General Law, as well as BLM FOIA.

Please provide confirmation that you have received and reviewed these records by 1 pm on Friday, March 30, 2018. If this deadline is a problem, please let us know ASAP.

Someone may question why it seems that I was attending high level personnel interviews with RZ. I didn't attend- calendar invites were just FYIs.

Good morning,
Please find attached FOIA request OS-2018-00516 and a set of responsive documents for your 72hr awareness review. Although this request is not in litigation, the documents are part of a large ongoing rolling production. At this time, these records are not going to be posted to the OS FOIA Library. The responsive records do not contain any recommended redactions, and therefore do not require review by the Solicitors Office as per departmental regulations.

Please review and provide your written affirmation by noon, Friday, April 20, 2018.

V/r,
Leah

Hi Laura,

The requester is FOIA Group, Inc. (<http://www.foia.com/>) we get a lot of requests from them, all for contracts. No context around the contract other than it's for Oracle software. Generally these requests are through FOIA Group by other companies trying to get information for future competition. No issues were spotted by myself, Gabe Lohr in SOL or Scott Cameron.

Thanks.

The information on his resume, including his address, and email address, are available publicly on the individual's business website and through his linked in profile so I don't believe we can redact any of it.

Please let me know if you have additional questions or concerns.

Good morning,
For your review, please find the attached FOIA request for all photographs taken by Executive Photographer Tami Heilemann since March 1, 2017. The Department's search located 301 GB of material that has been converted to 228 PDFs. OS FOIA is recommending that this material be released in full. SOL has concurred with that determination.

Due to the size of the records, we are unable to transmit them electronically; however, I am happy to make the records available via an external hard drive upon request.

Please note, this material has also been requested by four other requests: OS-2018-00384, OS-2018-00437, OS-2018-00567, and OS-2018-00625.

Please provide confirmation that you have received and reviewed these records.

Feel free to contact me with any questions.

Thank you,

Justin,

Wanted to confirm in your email it says "FOIA request for all photographs" Should it say - all photographs that include the Secretary?

also, my official title is Photographer to the Secretary

Tami,
Thanks for the clarification. These photographs are responsive to the broadest of the five requests. (e.g. "...every photograph taken by Department of Interior photographer Tami Heilemann since March 1, 2017.")

The photos are identical to those that you provided to OS FOIA, except they have been converted to PDF to scrub metadata and for consistency purposes. I will be taking the hard drive to Laura's office by 10:30 AM this morning. Please feel free to share with one another.

Thanks,
Justin

Yes, they are all pre-2016. The final decision regarding the Sage Grouse was made in Sept 2015 under a previous administration.

Hi Ryan,
We're sending this to you as part of the Matthew Allen FOIA litigation. For BLM specific information, you may want to weigh in since OS may not know the status of these items or if there is some type of foreseeable harm. I've marked a few instances where I thought you may need to weigh in.

Deadline for this is 5/18 to allow for SOL and internal review.

Thanks for your help,
Ryan

Hi all,

Just to second Ryan's truncated email. We are anxious to get these out. There was a miscommunication between me and FOIA office (my fault) which delayed the start of the awareness review process, so now we are scrambling to get them out in time. If you could possibly help to move them along as quickly as you can manage so we can make a timely release by COB Mon, it would be very appreciated.

A thousand thanks,

Hi everyone,

Rachel Spector of SOL has concurred with OS' proposed withholdings for a potential partial response for litigation concerning Ms. Combs' external correspondence and calendar. Please find attached a copy of the request, draft partial response letter, as well as bracketed and redacted copies of the responsive materials. We intend on providing the materials to Plaintiff before the end of the month and therefore request your authorization to release the redacted versions no later than COB May 25, 2018.

I've cc'd Rachel on this email for awareness. Please do not hesitate to contact either of us with any questions or concerns.

Thanks,

Hi Dan and Laura,
Rachel Spector of SOL has concurred with OS' proposed withholdings for a partial response for a current litigation. OS is still drafting a response letter, but thought it expedient to begin the awareness review process based on the potential complexity of the documents. The underlying request seeks the resumes of all political appointees. My current understanding of the awareness review protocol is that each political appointee may be required to perform a review.

Clarice suggested reaching out to you two for clarification, because the additional personnel conducting reviews may prevent our proposed production deadline of the end of this month. In the alternative, if both of you are comfortable with serving as the sole reviewers, the production deadline should easily be met. We are intending to complete the review process before COB May 25, 2018.

I've cc'd Rachel for awareness. Please do not hesitate to contact us with any questions or concerns.

Thanks,

Nick

Good morning everyone,

As an FYI, our current FOIA policy is that when processing an email chain containing an individual email that is otherwise not responsive, the non responsive email is processed along with the responsive one. As such, we do not segregate within larger chains. For instance, if a request is for topic A and topic B gets discussed within, we process the entire chain, not just the pieces discussing topic A. This occurs regularly when processing email correspondence. This email chain was reviewed by and received release concurrence from SOL attorney Brett Myrick, whom I have cc'd for awareness.

Hope it clarifies a bit.

Thanks!
